

Dear colleagues,

I am writing on behalf of the current One Care Consortium Executive Committee to confirm our endorsement of the recent proposal for One Care to act as the GP provider organisation for practices across Bristol, North Somerset and South Gloucestershire.

The Executive Committee (previously known as the Steering Group) has been in place to oversee delivery of the GP Access Fund programme since July 2014. Additional representatives from across the area joined the group in late 2015 and early 2016. Each CCG and locality area is represented as part of this interim governance structure.

We have been involved in the development of the manifesto and engagement process to support the proposal. We are confident that there are strong and effective foundations in place to enable One Care to continue on as an organisation owned and driven by you.

We look forward to having the opportunity to discuss the proposal with you leading up to the event on 21st June and to seeing you on the day.

Yours sincerely,

Dr John Heather
Chair of the One Care Consortium Executive Committee
GP at New Court Surgery

On behalf of the Executive Committee:

Carolyn Plows, Practice Manager at Horfield Health Centre
Dr Shruti Patel, GP at Mendip Vale Medical Practice
Dr Katrina Boutin, GP at The Old School Surgery
